

# Lab 2-4 Identifying Ports and Cables

## ACTIVITY

Turn your computer around so you can see the ports on the back. You are going to identify the ports on the back. For the ones you do NOT have, look them up online.

## WHAT YOU NEED FOR LAB

1. Lab computer
2. Computer with Internet access.

Port	Common Name	Devices that attach	Old/Current Technology
			
			
			

			
			
			
	Pink Blue Green	Pink Blue Green	
		How many wires?	
		How many wires?	
			
		How many pins?
