9:30	12:30	Lab 4-3 Lab 4-4	10:15	1:10
10:15	1:10	Clean up	10:20	1:15
1:20	1:15	Review on Quizlet	10:20	1:35
Class excused				

This Week

- **Monday**

- Lecture
- Quiz
- Labs 4-3, 4-4
- Groups
- Project

- **Tuesday**

- Project
- Labs 4-5, 4-6

- **Wednesday**

- Lecture
- Project
- Quiz
- Homework: Video

- **Thursday**

- **Quiz**
- **Project due**
- **Test tomorrow**
- **Labs done all due**

- **Friday**

- Lab test
- CyberPatriots
- Regular test
- All work due

Learning Targets This Unit

- When I get to the end of this lesson, I can do these things:
- Understand the physical components of a hard drive
- Understand the physical components of a thumb drive

Learning Targets This Unit

- Understand the idea of the Internet of Things and what role it will play in the future.
- Understand the impact of Mobile Computing on our lives now and in the future.
- Be able to install and configure laptop hardware and components.
- Be able to identify and compare components within the display of a laptop.

Learning Targets This Unit

- Compare and contrast laptop features.
- Understand special power needs of laptops in different situations

Learning Targets This Unit

- Identify differences among mobile computing devices.
- Understand the role an IT Technician will play in configuring different mobile computing devices.
- Understand how to troubleshoot common laptop problems.

Learning Targets This Unit

- Understand the purpose of a power efficiency report
- Understand how to export power plans
- Understand how to import power plans
- Understand the purpose of exporting and importing power plans

Learning Targets This Unit

- Understand how to tailor a power plan to a specific user's need.
- Understand how to connect a mobile device to a wireless network

Learning Targets This Unit

- Understand how to manage mobile devices such as tablets, phablets, and phones
- Understand how to change automatic maintenance in Windows 10

Reading

- What's the difference among notebooks, netbooks and ultra-mobile PCs?
- Save this article in your notebook

Question One

- What is different (or was different) about the ASUS EEE PC T91?

Question Two

- Can the cloud, on its own, be the only storage solution?

Question Three

- What benefit does the cellular network have over a wifi network?

Question Four

- In 2008, netbooks were big sellers, but many were returned. Why do you think this was?

Question Five

- What do you think will be a big seller this holiday season?

Question Six

- This article was written in 2008 (most of it, I've updated a lot). Gartner predicted then that tablets and smartphones would dominate the market through 2017. What do you think about this predication?

Question Seven

- Did the Microsoft dire warnings pan out?

Question Eight

- For your project, who did the questions?

Question Nine

- How are tablets performing in the current market?

Question Ten

- If an older relative were to ask you for a tablet suggestion, what would you suggest for them? Why?

Please Note!

- Students: We love to have you come to the office in Building 1, however someone in the office needs to know why you are there and if you need assistance.
- When you enter the office you should:
 - ☐ Stop by the front counter and tell one of the office staff why you are there.
 - ☐ Possible reasons for being in the office:
 - ☐ Admit slips/Parking permits/Fees or fines
 - ☐ Making/picking up copies
 - ☐ Seeing Dave or Maggie
 - ☐ Checking teacher's mailbox
 - ☐ Going to the Health Room

Student Drivers

- **Student Parking Permits are required at Sno-Isle TECH. The only districts which allow students to drive to Sno-Isle are Edmonds, Lake Stevens and Mukilteo.**
- If you are from a 'Non-driving school', but need to drive to Sno-Isle TECH for a field trip, appointment, etc., you must get **prior** approval from your high school and submit it with your request for a temporary parking permit.
- See Shar in the office.

Inclement Weather

- In the event of snow or power outages, please tune in to local radio and TV stations. Sno-Isle TECH is part of the Mukilteo School District. When Mukilteo School District is closed due to inclement weather, Sno-Isle TECH will be closed as well.
- When your high school is closed due to inclement weather, students will not be transported to Sno-Isle TECH. You are not expected to attend Sno-Isle and will not be marked absent.
- If Mukilteo School District is 1 or 2 hours late due to inclement weather, Sno-Isle TECH will be closed for the AM session, but open for the PM session.
- When a sending school is operating 1 or 2 hours late due to weather, students will not be transported to Sno-Isle for the AM session; you will not be marked absent and are not expected to attend Sno-Isle. Sno-Isle TECH will be open for the PM session.
