

Cable Characteristics for 802.3 Standards

Fill in the table below for the characteristics of different types of cables related to 802.3 (Ethernet) standards.

Standard Type of Cable	Installation	Connectors	Range	Capacity	Cost (high/low)	EMI (resistant?)	Notes (required)
10BaseT <i>Type of cable:</i>							
10BaseTX <i>Type of cable:</i>							
10Base2 <i>Type of cable:</i>							
10Base5 <i>Type of cable:</i>							
100BaseFX <i>Type of cable:</i>							
Gigabit Ethernet <i>Type of cable:</i>
