

Personal Tech Specs

When you are purchasing computers or computer components, you will find technical specifications that tell you a lot about that device.

You are going to introduce yourself to your classmates and that will include your personal technical specifications. You do not have to tell your weight or anything like that (don't worry). Use this worksheet to start organizing your specs.

Task One: Organize your Specs

Dimensions	
Hair color	
Height	
Left/Right handed	
Photo	You will want there to be a photo, just like in an advertisement for a computer (it can be a cartoon or whatever, doesn't have to be an actual photo). Feel free to have fun, but inappropriate pictures will result in failing the project.

Technical specs	
Where were you born?	
Where do you live now?	
What school do you attend?	
What grade are you in?	

Features	
A set of skills you hold	
Compatibility (things you like, enjoy, are passionate about)	
Incompatibility (things you do not like)	
One amazing thing that others do not know about you that would surprise them.
